

# **DJ BRETT RECOMMENDATION LETTERS**

## **INDUSTRY EVENT – THE GOLDEN GLOBES**

“DJ Brett is phenomenal at setting the right mood throughout the course of an evening. Whether it’s the “old school” classics or the newest hip-hop; DJ Brett does a fantastic job of seamlessly blending everything together for just the right mix. Young and old alike can’t get enough of Brett’s party cocktail of good times.”

Barry Price, 20th Century Fox

## **CLUB EVENT**

"I first met DJ Brett at Joseph's when the scheduled DJ failed to show up for my event. Since my doors were already open and guests had started arriving, having no sound was a very big problem. Somebody passed me Brett's number, and I called him not knowing anything about him or his music. I didn't honestly think he could or would come, but he did...Not for me - I was a perfect stranger. And not for the money - my budget was small. Brett came simply because he loves the music, because it was another chance for him to rock a room and get people dancing. After hanging up the phone, DJ Brett showed up 45 minutes later with his equipment and music. I was amazed, but when he started spinning, I was blown away. His distinct style of hip hop/soul/funk is irresistible. My crowd was on the dance floor all night, and I couldn't get them to leave. The rest is history. Brett is now a regular DJ at all my events, and he is my resident DJ for the VIP Study at The Highlands on Friday nights. He has become a good friend, and I look forward to working with him every time we do an event together. Brett loves what he does, and his dedication is quickly apparent to everyone who meets him and his talent is immediately obvious to everyone who hears him."

Gabel Entertainment Networks

## **WEDDING**

Planning a wedding is probably the most difficult event to put together. The stress is outrageous, money is definitely an issue and bottom line is all of this planning isn't really all for you. The wedding itself is for your guests to enjoy and hopefully during the event you can find time for yourselves to reflect on what just went down.

We knew from the very beginning that we wanted to find a DJ that wasn't traditional, which meant they couldn't even own "The Chicken Dance ". We stumbled upon DJ Brett and it wasn't by chance. We knew that the type of music we wanted, he had. But there was still a question of would they be available for our day?

Obviously he came through for us in a way that is difficult to describe. Our dance floor never had an empty moment. No party stopping songs, thank god. Every one of our guests were up at some point throughout the night

shaking it. The vibe was terrific and everything that we had talked about during our planning sessions was carried out flawlessly. This is no joke, when people ask me what was the favorite moment of our wedding I answer the DJ. I might say the food except I never had a chance to eat. No matter what the event my first choice for entertainment was, is and always will be DJ Brett.

Thanks a lot guys,  
Cassidy Jackson (July 18th, 2003)

### **BAT MITZVAH**

"Wow wow wow! You were so so so so wonderful! You really went over the top for us, thanks."

"We recently had the pleasure of using B Boy Studios, Brett, to entertain at our daughter's Bat Mitzvah in San Diego. Brett was a fabulous entertainer, played great music, and kept the kids busy with fun games and activities all evening. The dance floor was full and the kids danced all night. He is a very professional DJ and all the helpers he brought along for the light show and the party pumpers were amazing. We would recommend using his services to anyone who wants to have a lively and fun party."

Sandi and Jeffrey Abelson (Regarding their daughter Sarah's Bat Mitzvah)

"Hey Brett,  
I just wanted to tell you that you did a amazing job! PERECT!!!! Everyone had the best time and said that you were such a good dj! Not very often they say that about the other bar /bat mitvah djs! Thank you so much for doing it and you were very very good!!! Thnxs.. again!.. hope everything is well!!!!"  
THANKS!!!!

Sarah Abelson

### **CORPORATE EVENT**

Hi Brett, I just wanted to thank you again for the amazing job you did at the hotel this weekend. I can't tell you how many times we've hired the wrong dj. As Mindy said "You blew the roof off the joint". I can't explain it better than that. You even got Rob on the dance floor, now that is an accomplishment in itself. Thank you over and over again. And here's to next year!!!!

Evan Rimer, CEO ChicFilms
